

WANTED—One or more parties to invest from \$25,000 to \$50,000 in a coffee roasting plant in San Antonio, Texas. I have now in operation in this city a complete gas roasting outfit with a capacity of 100 bags per day and would like to correspond with proper parties to place in this city such a concern as is needed to control the trade of this territory. This is a splendid opening for a profitable investment, as San Antonio is now without a concern of this class. For further particulars address H. C. Wedemeyer, owner Western Coffee Co., San Antonio, Texas.
