## Iced Tea for Summer

The use of tea by the San Antonio people is increasing by leaps and bounds. They find that when it is cooled with ice, it makes a cheering and cooling drink for hot weather. The Hoffmann-Hayman Coffee Co. is now offering it as a specialty. By using the choicest Orange Pekoe Tea, they are able to give their customers the best quality at a reasonable price. The result is a big increase in H and H Tea sales.

## The Way to Make Tea

Warm the tea pot, put in one heaping teaspoonful of H and H Orange Pekoe Tea for every two cups; pour on freshly boiled and boiling water; allow it to infuse for about five or six minutes; draw off the liquor into another vessel; add the desired quantity of ice; sweeten to taste; add a squeeze of lemon juice, and you have H and H Iced Tea—a delightful cool drink that is unexcelled for a hot day.

## A Quality Tea

Tea has been used as a beverage for over 2,000 years. In the Eastern countries, it has been the regular drink since ancient times. Over one hundred million pounds are used in this country every year. The Hoffmann-Hayman Coffee Co. has given tea their consistent and careful attention for many years. Careful buying direct from the Orange Pekoe fields of Ceylon, India, has put them in a position to give their customers the advantage of the best quality Orange Pekoe Tea at a reasonable price. Because they have steadfastly pursued this policy, the Hoffmann-Hayman Coffee Co. has been able to greatly increase the sale of H and H Orange Pekoe Tea.
