

Spices, Extracts and Cocoa

Of H and H Quality

The usual H and H standard of quality which has brought so much praise for H and H Coffee and Tea, is maintained in our Spices, Extracts and Cocoas. Grocers stock, and housewives demand them, because people everywhere are "praising them, too." They are not just good products, but better ones. The quality that has so long distinguished H and H products makes them stand forth as the best.

Extracts

H and H Extracts are excellent for giving a delicious flavor to cakes, custards, pudding or ice cream. Housewives use them because of the really good taste that they give to desserts. And the flavor pleases even the most fastidious. There is a certain goodness about it that is found only in H and H Extracts.

Cocoa

H and H Cocoa is both a food and drink. It is a very high grade soluble, guaranteed cocoa, put up

by a special process which makes it very easily digestible. Everyone likes it, young or old. And it costs no more.

Spices

H and H Spices — black and white pepper, cinnamon and nutmeg, are pure and guaranteed. They give just the proper seasoning to foods. H and H Pepper is ground medium fine, and put up from only the choicest grade pepper. Foods — cookies, rolls, pumpkins, etc., flavored with H and H nutmeg or cinnamon are sure to be good.
