

The GLOBE FOLDING BOX CO.

CINCINNATI,
OHIO.

NOTICE

The class of manufacturers who use Tite-lox Cartons in which to pack their products! They are representative — like Hoffmann-Hayman. They stand back of their products and want them to reach the customer in a clean, sanitary condition.

If your goods have merit, don't "hide your light" by selling in bulk. Enhance your sales by packing in attractive cartons.

for Suggestions.

Congratulations

Every one loves a winner. That's why we are proud of your growth. Success to you in your new, larger home.

Your growth evidences the fact that you are giving the public quality products, and we are mighty glad that you pack in our quality cartons — they go to the grocer intact.

Good Luck
