The New H and H Crystal Vacuum Container
Brings Your Coffee to You FRESH and Then
KEEPS IT FRESH AFTER YOU OPEN IT!

**It's Days Fresher
And It Stays Fresher**

Now you can get H and H Coffee vacuum packed; sealed under high vacuum with modern vacuum machinery. It comes to you in a screw top (reusable) crystal jar, that enables you to KEEP your H and H Coffee fresh AFTER you open the package. It comes to you Days Fresher—and it stays fresher in the Crystalvac container.

After your first pound you'll understand what we mean when we say "We Roast It, Others Praise It."

**You Get Maximum
Goodness In Crystalvac**

H and H Coffee is roasted in San Antonio every day. It is delivered to your Grocer at least twice a week. You get it at the peak of full freshness and flavor.

And the new Crystalvac container assures continuous freshness. The top screws on tightly. After you have finished your pound of delicious H and H Coffee, you have a reusable crystal jar that is of real value to every housewife.

Certainly

H and H Coffee will continue to be packed in half, one and three pound sealed tins, as before—and at a few cents less per pound than the Crystalvac Vacuum Packed.

**Your Grocer
Has It Both
Ways For You!**

**Every Pound of H and H
Coffee Is Guaranteed Fresh!**

When your Grocer sells you H and H Coffee Vacuum Packed in the new Crystalvac container (reusable Crystal Jar) he is selling the coffee that comes to him fresh roasted. It has been delivered to him within the week. The new Crystalvac container enables you to keep H and H Coffee Fresh in your home.

**That's why we say "It's Days Fresher and
It Stays Fresher"**
