

This is our way of saying
“THANK YOU”!

Just thirty years ago this month, the first H and H Product was sold. During that time the Hoffmann-Hayman Coffee Company has grown from its humble beginning to be one of the leaders in the industry in the Southwest. You, who use our products and the progressive merchants who sell them have played a most important part in our success. We want to express our appreciation of your patronage and co-operation . . . and to say “Thank You.”

Consequently, we have designated this month as H and H Appreciation Month and your grocer is featuring all H and H Products at special “Appreciation Prices.”

The great new H and H Plant shown below, one of the largest and finest in the Southwest, was built during the depression and equipped with one purpose in mind: “To serve you better.”

Here are the most modern facilities for producing and packing the entire line of H and H Coffees, Teas, Spices, and Extracts.

Here is everything necessary to maintain the famous H and H standard of quality. Here is every type of modern equipment to insure perfect packaging and prompt delivery . . . so that customers and dealers alike may benefit from the finest service.

This great plant and our record of thirty years of service stand behind the pledge we make you now: “That any product bearing the H and H label will always conform to the highest standards of quality; that it will represent full value; and that you will enjoy it to the fullest.”

“We roast them, others praise them.”

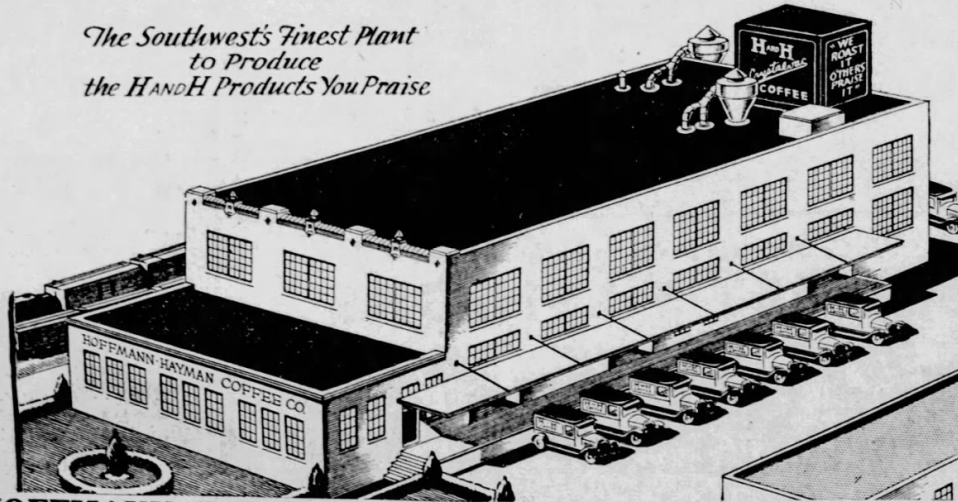

3 Famous H and H Products
