

FIRM DOUBLES 1935 SALES

THREE RIVERS, Aug. 7.—Charles R. Tips, president of Tips Glass Sales corporation, which sells all glass containers manufactured by the Three Rivers Glass factory, announced today that sales of beverage bottles up to August 1 of this year are more than double the sales for 1935, and higher than any year since 1931. Additional shipments of beverage bottles are still being made and it is probable that sales for the entire year will exceed those for any year that the company has been in business, Tips said.

Firm Doubles 1935 Sales
