THANK YOU

Just thirty-three years ago this month, the first H and H Product was sold. During that time the Hoffmann-Hayman Coffee Company has grown from its humble beginning to be one of the leaders in the industry in the Southwest. You, who use our products and the progressive merchants who sell them, have played a most important part in our success. We want to express our appreciation of your patronage and co-operation . . . and to say "Thank You."

Today H and H Products are produced and packed in this modern new plant one of the largest and finest in the entire South.
