FOREWORD

TEXAS comprises a vast area with a wide diversity of soil, climate and industries and a wealth of resources, products and opportunities which make the Lone Star State an empire within itself. The History of Texas, the only State of the Union that has lived under six flags, is rich in traditions and filled with picturesque lore that thrill with romantic interest.

In the preparation of the Encyclopedia of Texas, our aim has been to make it a publication of practical utility that will be educational, interesting and attractive to the greatest possible number of people. In addition to a History of Texas and Historical sketches of the leading cities, we have compiled and tabulated the principal facts of interest regarding every city, town, county and district of the State, which we have alphabetically arranged and carefully indexed. ¶In view of the many topics of interest on which it is important that full and reliable information should be published, we have secured the collaboration of many eminent Texans and Texas Organizations who have contributed articles covering subjects on which they are recognized as competent authorities. So that this volume is not a work of any one man or group of men, but the product of a great number of the most capable men of Texas, a work of Texans, by Texans and for Texans, as well as a source of information for the people throughout the world who are interested in the Great Southwest. ¶The work is illustrated with appropriate pictures showing scenic beauties, types of architecture, panoramic views, street scenes, public buildings, and views representative of Texas industries. Maps of railroads, electric lines, public highways and geographical and political divisions of the State, accompanied by an index to all towns and counties, are an attractive feature of the work. We offer this volume to the reading public, not only as a Historical and Pictorial Review of the Lone Star State, but as a Standard Reference Encyclopedia for Public and Private Libraries, Banks, Business and Professional Offices, Schools, Hotels, Newspapers, Civic, Social and Publicity Organizations and all others seeking reliable information upon Texas.

THE EDITORS.

P. MENDER, a native of San Antonio, Texas, has for almost two decades been an active figure in the business life of the Alamo City. Mr. Menger is the President of the Hoffmann-Hayman Coffee Company of San Antonio, importers and roasters of coffee. He became associated with this Company in 1912 as salesman and in 1920 became the chief executive. The Hoffmann-Hayman Coffee Company was established here on a small scale more than a quarter of a Century ago, and the rapid growth of this Company has been phenomenal. From its very inception, when the firm was established by Mr. William R. Hoffmann, it has given the grocer an unusual roasting and delivery service, and has given to the consumer a product that has been consistently and continually praised. After the death of Mr. Hoffmann in 1910, the business then under the name of William R. Hoffmann, was consolidated with the Merchants Coffee Company, a local concern owned and operated by W. E. Hayman. The name at that time was changed to Hoffmann-Hayman Coffee Company, with W. E. Hayman President; Mrs. William R. Hoffmann as Vice-President and G. P. Menger, Secretary. In 1920 Mr. Hayman's interests were taken over by G. P. Menger, now President of the Company, and R. W. Menger, now Secretary and Treasurer. Mrs. William R. Hoffmann, now Mrs. William J. Schlosser, retains her full interest and is Vice-President and Director of the Hoffmann-Hayman Coffee Company. Today this Coffee Company stands foremost in the coffee roasting industry of this territory. Their business develops exclusively with local capital and is a commercial monument to industrial San Antonio, a credit to the entire South. A famed National slogan of the Hoffmann-Hayman Coffee Company is "We roast it—others praise it." There are few households in the entire country that are not familiar with this slogan. As an evidence of the development and growth of this Company, the hand roaster which was used in the early days of this Company, had a capacity of twenty pounds. Today, in this plant hundreds of pounds are roasted at one time. Cans and cartons, found by experience to be the most convenient and sanitary manner in which to handle coffee, are used to pack the products of the H. and H. Company. The roasting, blending and packing processes are of the utmost importance, and the care and the experience of the men who are engaged in this branch of the work for this Coffee Company, are largely responsible for the splendid product turned out by this Company. Mr. Menger is more than a President—he is a salesman. "A President who sells" is the way Mr. Menger has been described by his associates and co-workers. Keeping everlastingly in touch with the grocers everywhere, Mr. Menger has built a reputation that has assured the growth and success of the Hoffmann-Hayman Coffee Company. His very splendid personality has formed the base of his extraordinary success as a salesman of the products he manufactures. He roasts the products you praise. In addition to the several brands of Coffee—sold under the following names: H. and H., Sam Houston, Texco, Spoon, Broncho, Border and Menger Peaberry Coffee, this Coffee Company sells H. and H. Spices of which they have a full line, packing and distribut-

ing same to grocers; H. and H. Tea, which is a special Orange Pekoe Tea, of a delicious flavor, packed in handy, round tins; and H. and H. Extracts, a full line of which they pack and distribute to the grocers. These extracts are of assorted flavors and of the highest quality, and are preferred by the particular and discriminating housewife everywhere in the South. Before associating himself with the Coffee Company of which he is the President, Mr. Menger had six years of practical business experience, which began immediately after he left school. For a period of three years he was Private Secretary for W. B. Tuttle, President of the Public Service Company of San Antonio, after which he served for three years in the Gas Department of the Public Service Company, resigning this position in order to become a salesman for this Coffee Company.

Mr. Menger was born on September 20th, 1889. His father, Dr. Rudolph Menger (deceased) was also a native of San Antonio, where he was a prominent physician and surgeon, serving the public throughout his career as a pioneer in this profession, serving eight years as city physician. His mother, Miss Barbara Menger, bearing the same name as his father, and also a native of the Alamo City, was a daughter of the founder of the Menger Hotel and one of the builders of San Antonio, who was one of the best known citizens here in his day. Mr. Menger's education was obtained at St. Mary's College of San Antonio, graduating from this institution in the class of 1906.

Mr. Menger was married at San Antonio on November 15, 1917, to Miss Rosa Lee Crowther, a native of San Antonio and a daughter of Bart Crowther, well known in the business circles of South Texas. They have four children—Albert Gus, born September 28, 1918, Barbara Ann, born January 26, 1921, and twins who are Mary Margaret and Rose Marie and were born March 14th, 1925. Mr. and Mrs. Menger reside at 1101 West Mulberry Street. Mr. Menger is a member of the San Antonio Chamber of Commerce, the San Antonio Manufacturers' Association, of which organization he is a Director, and many other of the city's business organizations. He is also a member of the Knights of Columbus, and has attained the 3rd Degree in this Order. He is also a member of practically all of the city's social and civic organizations, in which he takes a keen interest. The Menger name has been associated throughout all time with the City of San Antonio and the subject of this sketch has done much to place this city on the map as a manufacturing and distributing city. Mr. G. P. Menger is perhaps the best known coffee man of the Southwest, as well as one of San Antonio's most progressive and public-spirited citizens.

EDWARD LEO BENNETT was born in Chicago, Illinois, on the nineteenth of October, 1869, the son of R. J. Bennett and Mary (Madison) Bennett. Mr. Bennett, Sr., a merchant of Chicago for many years, was a native of New York State. Mrs. Bennett was a native of Boston, Massachusetts. Mr. Bennett received his early schooling in Chicago, graduating from high school there, after which he entered the Minnesota College of Pharmacy, graduating

MEN OF TEXAS

of Dallas, Texas. He was also engaged in the real estate and insurance business in Dallas, where he is well known.

H. M. Skelton was born February 7, 1870, at Plano, Texas, a son of J. M. Skelton and Mary (Moulden) Skelton. His father was a native of Tennessee who came to Texas in the early fifties and was prominent as a farmer. He moved to Dallas County in 1878 and resided there until his death. Mr. Skelton's mother was a native of Collins County. Mr. Skelton attended the public schools of Dallas, Texas, and upon completing his education was employed in public offices of the Dallas County court house. He remained in public service for eighteen years and then engaged in the real estate and insurance business for himself in Dallas. He remained in that line of business until 1911 when he moved to Brownsville and opened an abstract office. This latter business has been notably successful and has expanded so rapidly that Mr. Skelton took his two sons into the business with him and also employed others to keep up with the large volume of business.

Mr. Skelton married Miss Nataline Douglas in Dallas, Texas, in 1896. She was a native of Dallas. Mr. and Mrs. Skelton have their residence at 906 Levee Street. Their two sons are James R., who is married and has one child, Mary Nell, and H. M., Jr., who resides with his parents. Mr. Skelton is a member of the Elks Club of Brownsville. He is one of the most active business men in Brownsville and has a wide acquaintance among real estate operators, ranchers and ranch owners in the lower valley.

DAVID ANGLIN O'BRIEN was a pioneer railroad man and business builder of the lower Rio Grande Valley, and for many years was one of the most prominent citizens of Brownsville, Texas. He came to the Valley in 1910. He spent seventeen years of his life working for the commercial and industrial advancement of the Magic Valley and was instrumental in securing a deep water channel from the Gulf of Mexico to serve Brownsville. He was as well known in Washington and many of the State capitals as he was in Brownsville since he was an unceasing booster for the rich valley which has become known all over the world as America's Winter Garden.

David Anglin O'Brien was born in County Cork, Ireland, July 16, 1865. He left the land of the Shamrock in 1889, when he was only fifteen years old, and joined an uncle, John B. Manning, in New York City. Mr. Manning was a leading New York banker and widely known. Mr. O'Brien was employed in the Manning banking house for six months and then started for California to join his father at San Francisco. His father had come to the United States some years earlier. Before reaching San Francisco the boy learned that his father had died as a result of an accident while horse back riding. He remained in San Francisco for a short time and then went to New Orleans, Louisiana, where he lived with another uncle for a time. He began his railroad career as a boy and in a few years worked his way up the ladder, until, in his early twenties, he went to Houston, Texas, and was made treasurer of the old Texas Express Railroad. He remained in Houston as a railroad official until 1906 when he was appointed a member of the

railroad commission as a rate expert. Some time later he went to Corpus Christi and was engaged with the S. L. & B. M. Railroad. Later the office was located at Kingsville.

In 1914 Mr. O'Brien purchased the Rio Grande Railroad and moved to Brownsville. He operated that road until it was taken over by Eldridge industries on a very unsatisfactory deal. He was also head of the freight bureau at Brownsville and was a potent factor in securing a deep water channel to serve Brownsville. He was intensely interested in improving railroad facilities in South Texas, and in securing adequate water transportation for the enormous productivity of the coastal plains and the lower Rio Grande Valley. He was widely known as one of the most active workers in behalf of the common good.

Mr. O'Brien married Miss Anne Bryan, who was a native of Texas. She survives him, and is a resident of Brownsville. She was a daughter of the late Dr. Lewis Bryan, M. D., a Civil War Veteran and member of a very old and prominent Houston family. She makes her home with her daughter in Brownsville. Mr. and Mrs. O'Brien had two daughters: Julia Anglin O'Brien, who has long been one of the most prominent business women of South Texas. She is now engaged in the real estate and insurance business in Brownsville, and is one of the most active citizens in civic matters. Since finishing school she has been active in business and for many years was associated with her father in the operation of the Rio Grande Railroad. She was secretary and treasurer of the railroad and charged with much of the responsibility for its successful operation. Soon after her father retired from railroad activities she went into the real estate and insurance business and has become one of the most widely known business women of all southwest Texas. She was first engaged in the real estate business in Houston and later spent eight years with the S. L. and B. and M. railroad in the traffic department. When her father bought the Rio Grande railroad she went with him as treasurer of that road. The other daughter was Carrie, who is deceased, and who was the wife of Stiles A. Giraud of Houston. She left one son, Julian Dudley Giraud, who survives her, and now lives in Brownsville, Texas, and is a student at Notre Dame College.

David Anglin O'Brien was one of the most loved characters of South Texas, a man who was devoted to his family and a wide circle of friends. When Mr. O'Brien returned from Washington after securing the Government appropriation for the Deep Waterway, he was elected an Honorary Member of the Rotarians, a large delegation of which met him at the depot on his return and conferred this honor upon him. He was a third degree member of the Knights of Columbus. His many accomplishments won him the respect and admiration of all who knew him in a business way. He made a trip to his old home in Ireland in 1926 and died while there, on July 13, 1926. He was buried in the old family tomb with his mother, near the place of his birth. He was buried on his 61st birthday. When news of his death reached Brownsville the whole community sorrowed in the loss of a leading citizen, a business builder who was always generous and thoughtful of the general welfare, and a man who contributed much to the up-building of a populous and industrious city.
